Premium Stamps To Be Given By Mayfair

Lemon Grove's biggest market, Mayfair, will begin giving premium stamps this week, it was announced by Larry Childress, market manager.

More than \$100,000.00 a year in nationally advertised merchandise will be distributed through the plan in Lemon Grove alone, he said.

Prudential Stamps will be given with all merchandise beginning today (Thursday). These stamps will be given at all stores in the Mayfair group as well as through at least two other major grocery chains. Prudential stamps are interchangeable with Gold Arrow Stamps, the latter of which are being currently distributed through several local stores. Either of the two stamps, or a combination of both may be redeemed at Mayfair Markets at Federal and Euclid and at National City. A Prudential redemption center operates presently at 3729 El Cajon Blvd.

Childress said that stamp books with \$3 in stamps will be distributed during the weekend. Hundreds of dollars worth of groceries and prizes will be given away on an hourly basis during the stamp-starting period.

Irrigation District Meet Harmonious Again After Query On Land Sale

Directors of Helix Irrigation District, at their regular weekly meeting Feb. 7, heard General Wm. J. Miller, president of Mountain Valley Taxpayers' Association inquire about the sale of real estate in Moody's South Addition to Lemon Grove, when the board accepted a bid of \$15,100 for Lots 21 and 22, less 10% commission to broker, when a bid of \$15,000, made by an individual, was not accepted, though it was higher than the accepted bid.

General Miller asked if the board expected to continue to sell real estate without deciding which was the better bid for the district.

Attorney Wm. H. Jennings stated that he assumed responsibility for the published terms of sale, that he had overlooked the error in wording and it was his mistake, not the only one he had made and probably not the last one, in accepting the \$15,100 bid, less \$1510 commission to the broker. The board accepted the explanation, as did Miller, and quiet and harmony reigned.

County Asks Supervision of Youth Center as Project Sinks into Red

A possible end to the lethargy which has hung over the Lemon Grove Youth Center seemed on the horizon following a meeting last week of a group of aroused citizens.

The meeting was called by Mrs. Joan Johnson, treasurer of the youth control board after a long series of meeting dates had passed without enough attendance to form a quorum. Mrs. Johnson is past president of the board.

Robert Johnston (no relation) another control board member, charged past poor management.

During one of these meetings, Mrs. E. F. Walsh, 7848 Lincoln Street, the wife of a Lemon Grove building contractor, was named president.

County representatives, upset by the sorry state of financial affairs of the youth center, came to the meeting in formidable force and laid their cards on the table.

"Either the youth center must pay its bills and be run as a going concern or the county will have no choice but to close it," said Charles Goode, assistant director of the department of public works. G. L. Liggett, administrative assistant, and Claude Hupp, chief of parks and beaches, were also in attendance.

The county men called for a reorganization with officers responsible to the county for collection of rents. Under such a plan all users would pay rent. Presently many youth organizations, as many as ten a week, use the center without charge. The county would pay for utilities, janitorial service and minor upkeep.

The program will be held in the church sanctuary at Church and Main Streets at 7:30 p.m.

Judge, Newsman On Congressional Social Action Program

"The Plight of the Juvenile in Lemon Grove" will be the topic of the Sunday evening program of the Lemon Grove Congregational Church's University of Life Social Action series.

Max Goodwin, editor of area newspapers, and Luther Hussey, attorney and judge of the Homeland Judicial Court, will report on the juvenile situation in this area.

Donald Bryan of the sheriff's department and Robert Turnbull, teenage editor of the Lemon Grove Review and Spring Valley Bulletin, will also be on the program.

The program will be held in the church sanctuary at Church and Main Streets at 7:30 p.m.

L. G. Rodeo and Fiesta Dates Set—Ties in With Fiesta del Pacifico

Saturday and Sunday, July 21 and 22, have been tentatively set for the dates of the Lemon Grove Fiesta and Rodeo, it was announced here this week by members of the rodeo group.

The date was moved back about a month to coincide with the Fiesta del Pacifico which will attract thousands of tourists from all over the U. S. to San Diego County during the month long series of events planned for that attraction. The Lemon Grove Fiesta and Rodeo would be listed as one of the events of the county-wide project and would enjoy nationwide publicity without cost.

The youth center building was built mostly by volunteer labor on donated land. Funds raised locally were matched by county funds for materials. The building was dedicated to Lemon Grove youth. It now also houses the area civil defense headquarters and some units of the county building department. These groups share in the cost of the utilities.

The county revealed that the center is \$181 in arrears on utilities.

Frank Armstrong, attorney, called for use of county funds to implement a recreational program at the center. "A community of nearly 20,000 people is entitled to some sort of consideration for recreation for its youth," he stated. "Our tax money goes into the fund which provides for such activity in other parts of the county," he pointed out.

A rundown of receipts and expenditures is: 1952, \$1052 taken in; \$495 paid out; 1953, \$978 in; \$1234 out; 1954 \$645 in, \$975 out; and in 1955 \$315 in, \$515 out. Much of the money was used for janitorial services, it was indicated.

Another meeting has been called for Wednesday, February 29 at 8 p.m. at the youth center and it promises to be a very heated affair. All persons interested in local youth activities are invited to attend.

Two more burglars succumbed to Sheriff Deputy Hal Johnson's alertness and were arrested in a market at Olive and Broadway following a barrage which included jam jars as well as bullets.

The two men, one a Spring Valley resident, registered in as John Herbert Stevenson, 25, of 926 Gillespie Drive, and Michael Allen Williams, 24, of 3125 Kettner Blvd. Police say Williams has a police record.

Indomitable officer Johnson, who is the L. G. Chamber of Commerce patrolman, rolled into the parking area of Rancho Market Basket at 2 a.m. in answer to the ringing burglar alarm. Wire fence of an empty bottle storage bin had been cut and entrance gained through a window within the enclosure, Johnson said.

Prowl car sheriff's deputies James M. Moore and L. L. Naron, answering the ringing alarm, arrived before Johnson had a chance to enter.

The three officers searched both levels of the market but flushed no one. Finally noises came from between food gondolas near the front of the store and the officers converged on the

Governor Adlai Stevenson, the presidential nominee of the Democratic party, called a press conference in San Diego at El Cortez Hotel last week and it attracted some 45 or 50 persons engaged in the sometimes thankless business of disseminating information.

What Mr. Stevenson said in regard to party platform, policy, and politics has been reported days ago in newspapers, on radio and tv. What hasn't been reported is the color of these so-called press conferences.

Kay Williams, the conscientious publisher of the Coronado Journal, was press chairman. He came charging from the rear of the room with Adlai Stevenson and Lt. Governor Pat Brown and announced majestically, "Gentlemen, the governor!" A lone television man started to rise but when his newspaper brethren merely craned their necks, looked a little bored and remained seated, he plopped back into his chair.

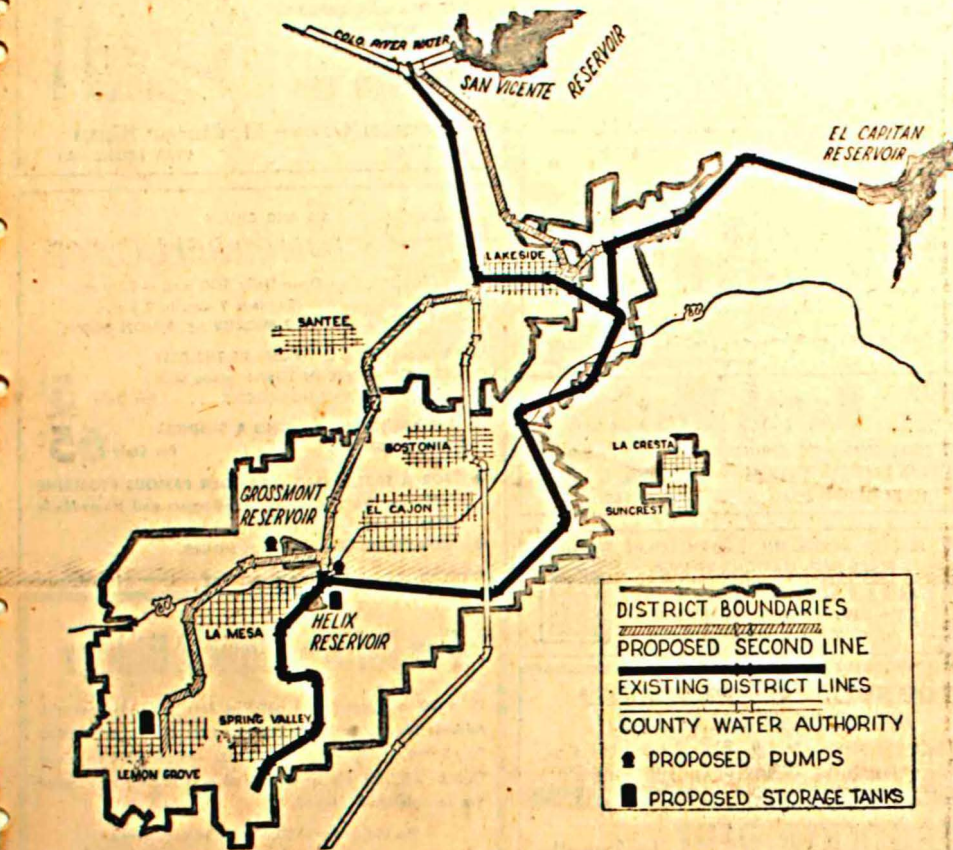

The governor's table was set up on a stage, under terrifically strong lights to accommodate tv, and the table, naturally, faced the press. He asked his aides, as he approached the table, if this were a stage production. He then looked out upon the audience and said "All these people from just two newspapers?"

That quip cost him some sympathy. The county press was well represented because they had been specifically invited but the inept inference that only the two big dailies were being acknowledged did nothing to endear him to the "grass-roots" county press. This I thought was wrong because his support in this area is county press. The dailies are strongly Republican. I had the feeling too, that it would take some of Stevenson's best jollies to get the conference into an easy-going affair after that. It never got there.

A question concerning the tuna industry came from a publisher of one of the smaller community publications. Without giving the governor a chance to answer he embarked upon a five minute long political speech in which his question became obscured and lost.

A couple of sensible questions concerning segregation and security, Nixon, education and Hariman were asked and answered. A representative for a semi-weekly organ dragged in a question, which like the first one became an omnibus and contained so many parts that it defied an answer in total. Stevenson seemed a bit bored and tired. I asked a question without identifying myself. I wanted to know how many men are actively seeking presidential race now. He tolled off the names he knew. Another reporter read a question built on a statement attributed to Nixon in 1954 concerning lack of national security under the Democrats. Stevenson quipped that there is always some question as to whether these statements were actually made.

He showed spirit only once. That was when a reporter for the Union asked his policy on "right-to-work" legislation. A couple of desultory questions came and suddenly the reporter for the New York Times jumped up and said loudly "Thank you, Mr. Governor" and that folded. (Continued on Page 4)

THE WATER SUPPLY system proposed for the La Mesa, Lemon Grove and Spring Valley Irrigation district is shown as it will be if voters of the District approve a \$5,230,000 bond issue at a special election on February 21. The existing supply line, bringing 22,000,000 gallons per day from the San Diego Aqueduct north of Lakeside and the El Capitan and Cuyamaca reservoirs east of

Lakeside, are shown in solid black. The proposed second supply line would bring additional supplies from the Aqueduct and more than double the capacity of the Grossmont Reservoir, building new storage tanks at Helix and in the Heart of Lemon Grove, plus pumping and chlorinating plants to serve the new lines.

Voters of Spring Valley and Lemon Grove will go to the polls on a \$5,230,000 water bond issue which will, if the voters say OK, pay for bringing more water into the area and providing more storage for it.

The vote is throughout the entire irrigation district, where there are a total of 33,007 registered voters. Specifically the irrigation district bond issue is to provide more water demands of the district, provide storage in Lemon Grove, and improve storage and pressure at Mt. Helix—which affects the Spring Valley area.

What is described by a citizens committee supporting the bond issue as an absolute necessity comes this information:

1. Since there is not water available in each back yard of the district, this area, like all of Southern California, must transport its water.

2. In 1888 a wooden flume was built to bring water from the mountains into the eastern San Diego metropolitan area. That line had a capacity of 22 million gallons per day. Population of the irrigation district has increased rapidly since then, and especially in the last 15 years.

In 1940 population of the irrigation district was about 8000. Today is over 75,000. Water is still supplied by a transmission line carrying just 22 million gallons per day—it's a better line than the old wooden flume—but no bigger.

3. This adds up to the fact that there are more people at the end of the line, using more water during warm weather months than can be brought through this one line. In fact in 1952 there was one day when water deliveries exceeded the 22 million gallon capacity of the supply line; in 1953 this jumped to 17 days; in 1954 to 30 days. Then in 1955, after 10 per cent of the district's water customers had been cut off the line when Rolando joined the city of San Diego, the excessive days jumped to 37.

4. When use exceeds supply line capacity, water is supplied from Grossmont reservoir, which only holds 40 million gallons. When use continues heavier than supply for a number of days in a row, water rationing will be the only answer, district officials point out.

If weather is again warm this summer, district officials say a new record in water use is inevitable because of the large increase in population in the district since last summer.

Answer to Problem

One answer to the problem is proposed by the district and is this:

A. Build a second supply line from the district's sources of supply near Lakeside. This will carry both local water from Cuyamaca and El Capitan, and Colorado River water (and Feather River water when it is available) from the San Diego Aqueduct north of Lakeside.

B. Triple the storage capacity of Grossmont reservoir.

C. Substitute a steel storage

Carnival Projects Listed By Swimming Pool Group

Major projects committees for the annual carnival were named this week by Swimming Pool Association President Arva Piepenbrink at the monthly meeting at San Miguel School. The carnival will be held Friday and Saturday, May 11 and 12 at St. John of the Cross Church Rodeo Grounds.

The Kiwanis Club was made responsible for erecting the booths. All PTA groups will be in charge of the food. Lemon Grove Chamber of Commerce will handle information and the Kiwanians will be in charge of finances.

At the meeting Dr. Robert Burns represented the Kiwanis; Ruby Goodwin the Kiwanians; Mary Trytton the PTAs and Frenchy Faucher the Chamber of Commerce.

Fiesta Sees Square Dancing 7 Nights a Week, Speaker Tells Men's Club

The Men's Club heard Gardner Morse, publicity chief of the San Diego Convention and Tourist Bureau, describe the effect the 1956 Fiesta del Pacifico would have on Lemon Grove and the rest of the county.

"A Lemon Grove event, the Rodeo and Fiesta (at St. John of the Cross rodeo grounds) has already convinced the county people we are pulling together and not bickering as we have done in the past, there is a good chance that the improvements can be made, and that the county will share in the expense of some of them."

Griffen said that a 1951 Municipal District Act might be the solution to such things as sweeping, lights and parking but the widening of Broadway should be covered by a 1911 Land Improvement Act.

The club endorsed the aims and objects of the project.

Norman Lighthart, real estate developer, was program chairman.

David Bird, County Supervisor will be speaker. He will discuss the Public Utilities Commission's attitude of utility rates in unincorporated areas.

Jim Pearce, local realtor, has the program for this Friday. All men are invited. The group meets at Michael's at noon.

Lions Club to Sponsor Fairer of Fair Prelims

Lemon Grove-Spring Valley's entry in the 11th annual Fairer of Fair and Miss Con-Tour queen pageant will be selected under the direction of the Lemon Grove Lions Club, it was announced today. Date of the contest has not been set.

This organization sponsored the preliminary contest here last year when Sandra Jordan was selected.

The winner here will compete against other county finalists at Del Mar, Sunday afternoon, June 3.

The Fairer of the Fair and Miss Con-Tour will reign over the Southern California Exposition and County Fair June 29 through July 8. In August, she is the county's entry in the State Fair's Maid of California pageant at Sacramento. Throughout the year, she is the San Diego Convention and Tourist Bureau's official hostess and participates in many civic events.

Any single girl between the ages of 17 through 22, who is a resident of Lemon Grove or Spring Valley, or its immediate area, can enter the preliminaries. Judging will be on a point basis for beauty, personality, charm and poise. Contestants appear in formal attire at the judging.

Entry blanks are available from Lions Club president Harold Holady or by writing to special events department, Southern California Exposition, Del Mar.

Moon is Blue Next At Globe Theatre

"The Moon is Blue," the romantic comedy which ran for 924 performances on Broadway and scored record-breaking successes when toured from coast to coast will open Tuesday, February 21 at the Old Globe Theatre in Balboa Park as a San Diego Community Theatre production under the direction of Craig Noel. The celebrated hit by F. Hugh Herbert, the author of "Kiss and Tell" and "For Love or Money," will be presented nightly except Mondays at 8:30 through March 18.

The action in "The Moon is Blue" tells of a young man and girl who meet in the observation tower of the Empire State Building in New York City. He is on the rebound from a broken engagement and she is a pretty would-be actress who baffles all the men she meets by her combination of candor and charm.

Annual Dog Show To Be Given Sunday

The largest dog show in San Diego's history is promised Feb. 19 in the Electric Building, Balboa Park. Some 1,000 canines will pit themselves against one another. Jack Bradshaw, superintendent, has announced. This tops all past entries in the Silver Bay Kennels Club's annual classic, 775 bluebloods being entered by county owners. A record of 81 breeds, nearly three-fourths of all breeds listed by the American Kennel Club, further marks Sunday's event as being one of the largest one-day bench shows in the nation, Bradshaw said.

The eastern sector of greater San Diego will be well represented at the show with a large number of entries from Lemon Grove including those of Val and Ray Bierwirth, Bedlington Terrier; June G. Denney, Boston Terrier; Wm. L. Fowler, Boxer; Mrs. Charlie Mays, Smooth Dachshund; and Mike Myrick, Staffordshire Terrier.

FLYING HILLS GOLF COURSE OPENS FOR PLAY

Nine holes of the Flying Hills Golf Course at Gillespie Field, El Cajon, opens this week, it was announced yesterday by Charles duPont, president of Flying Hills Inc., owners of the course.

The nine holes will be the "back nine." The "front nine" will be opened probably two months from now.

Formal opening of the 6459-yard course will be held when all of the holes are ready, duPont said. "But we felt that the golfers of San Diego County want to start making use of these nine holes which are 'ready while waiting for the other nine,' he said.

Flying Hills course is built on Gillespie Field, which is owned by the County of San Diego. The land was leased by the county to the Flying Hills organization, which was formed for the purpose of financing and building the golf course. The El Cajon Valley Chamber of Commerce was the original lessee. The civic group, having arranged for the land lease, interested investors in financing the course, then assigned its lease to the new corporation.

Membership in the Flying Hills Golf Club is available at an annual dues of \$9.00. Members will be entitled to rent locker space and use shower facilities of the club, and will receive a 25 cent reduction in greens fees. Daily greens fees are \$2.00 Monday through Friday, and \$3.00 on Saturdays, Sundays and

27,000 Hours Contributed By Grossmont Auxiliary

Two events made history at Grossmont Hospital Women's Auxiliary's first general meeting of the year, held last Friday in Friendship Hall, Lemon Grove. They were the presentation of service hours awards, and the adoption of beneficiary for proceeds of this year's country fair and garden tour. Mrs. Benjamin Polak, awards chairman, Louis Peelyon, hospital administrator, and Mrs. Jens Hutchens, auxiliary president, were principals in the proceedings.

Service chevrons and citation cards were presented to 83 members who had turned in the minimum of 96 hours required of active members. Total hours of award winners came to nearly 16,000. Total hours of 375 members reporting were better than 27,000. The presentations were made by Mrs. Polak, assisted by Mrs. E. G. Blossom, awards committee co-chairman; and by Mrs. Forrest Hawley, co-chairman, uniforms committee, who modeled in the auxiliary's cherry smock, showing correct placement of the auxiliary pin and the service chevron beneath it. The awards winners were called up alphabetically, without regard for standing in total hours served. Juvenile Delinquency Starts At Home Says Teenager

By BOB TURNBULL
Teenage Editor

Almost every high school and college student takes pride in his school as well as himself.

These teenagers want to become good community citizens and want to prepare themselves for the future. I know every parent would want it this way. If more parents would display greater praise and recognition over those thoughts then undoubtedly the younger set would strive all the harder to better themselves, and wouldn't have to resort to breaking our laws to get any recognition at all.

(Final in a series of three on juvenile delinquency.)

Recognition of a youth's achievements shouldn't be up to certain individuals. The entire community, in this case Spring Valley and Lemon Grove, should mentally and physically support our leaders of tomorrow.

Society has always been plagued by J. D. and will continue to have this thorn in its side. But J. D. has become an acute disease, i.e., gang warfare, beatings, robbery, rape and sometimes murder. Now, right now, you must join hands and hearts with your neighbors to combat this plague. People needn't go outside their homes to fight these crimes. If all would work together within their own families the serious trouble would halt before it got out of the front door. When you face up to it, it's as simple as that!

I do not believe in stricter faculty supervision. Our teachers have to shake out of bed with the early bird, work hard all day, come home late, do their homework at night and shouldn't be expected to play the role of "self-appointed policeman" at a night athletic activity and risk life 'n' limb to help the "babies" who can't even help themselves. Of course it's a different story if a faculty member volunteers.

When a couple out on a date have finished viewing a new pic, have downed a malt and burger at a drive-in and are heading home, it is within reason to figure it'll be past 10 p.m., which is curfew deadline. Something like that is fine and the police and parents understand and don't question such actions, which is the way it should be. But what I oppose is "gangs" of guys, and sometimes girls, roaming the streets either on hoof or by car at "the wee hours of the morn." They are the ones that usually start trouble or create havoc.

San Diego Clippers Clipped By Chicago Team

Friday evening the San Diego Clippers lost to the Chicago Westerners 32 to 28. On Saturday, however, they recovered, winning 35 to 32 and again on Sunday with a score of 22 to 19. This was the last game of the series which San Diego took from the Westerners four games to two.

This weekend starting on Friday the San Diego Clippers will meet the Brooklyn Red Devils, starting a new series of games.

World Day of Prayer To Unite Seven Churches

On Friday evening, February 17, at 7:30 will be held the annual services of the World Day of Prayer at the Church of the Nazarene on Bancroft Road, Spring Valley. Seven churches of the Lemon Grove, Spring Valley area will unite in this fellowship of prayer.

This is the 68th year in which this worldwide observance has been held. The services begin on the Tonga Islands and continue throughout the day, closing with the service on St. Lawrence Island, Alaska.

Mrs. Z. C. Robinette is Chairman of the evening, and the young people of the church will give a dramatic skit. The theme of the day will be "One Flock, One Shepherd."

Of course, many people always thought that Marie Corelli who wrote "The Mighty Atom" in 1896, was about 50 years before her time. —The Christian Science Monitor.

reporter certainly shocked many individuals who were the ones who said "nothing like that could be happening in my town." Well, take it from me, it was true.

As I said in an earlier editorial I spent one and a half years on the high school campus (attending San Diego JC) and encountered the same type of treatment this reporter did. Being a JC student the high school "tough" had a little more respect for us due to an unpleasant experience a few years back when they learned it pays to respect other people's property and were handily showed so thanks to a few JC gridders. I'm one of many people who were "asked" to hand out a dime to some guy we'd never see again. And I'm also one of many who said "no." Nothing ever happened!

Parents must set the example! And whether it is good or bad is up to the parent! Just remember that when your judgement day comes before the good Lord, He will remember the way you set the life pattern of one of His children.

ARTIST TO APPEAR AT FRIENDS CHURCH

ARTIST BILL LEACH

A new feature in the realm of chalk artistry will be presented at the Spring Valley Friends Community Church, Kenwood and Bancroft, February 21-26 at 7 p.m., except Saturday.

Artist Bill Leach of Hollywood, formerly associated with the motion picture studios there, will draw colorful pictures before the audience each evening and then bring these pictures to life in an unbelievable display of action and sound.

This program, which has appeared on ABC coast to coast tel-

evision, will be presented in person by the artist with the inspiring music and sound recorded by America's outstanding talent. Many have acclaimed this as the most effective gospel presentation of our time. A cordial welcome is extended to folks of all faiths to witness this unique ministry.

This will be the fourth appearance of Bill Leach at the Friends Community Church. There will be visiting delegates from other churches. Special music will be provided.

By DICK HENDERSON

The board of supervisors awarded service pins to county employees at the meeting Feb. 7. A certificate, printed on parchment, accompanied the pins, which were given by Chairman Dave Bird after the persons entitled to them were introduced to the board members by heads of their departments.

First on the list of pin awards were Mrs. Bruno, with 30 years' service, and Mrs. McCoy, 20 years' service, at county hospital laundry. The gentleman who introduced them read a letter from the head man, which praised their fine service over the years, said they would have a hard time to replace them.

A deputy sheriff, Mr. Irwin, with 25 years' service, was sponsored by two gentlemen, one being Bert Strand. Irwin has served in all departments of the sheriff's office, from two to five years in each position.

One lady from welfare—her sponsor said she had a red-haired husband and a red-haired daughter, got a pin, but we didn't catch her name. Couldn't have been for 25 years, 'cause the lady didn't look to be over 35.

Tom Tiernan, sponsored by Arthur Eddy, assessor, was introduced and smiled when Eddy said the valuation of county real estate and improvements 25 years ago, when Tiernan took charge of records and assessments department, under James Hervey Johnson, was \$19,000,000 now is \$102,000,000. Tiernan was trained by Mr. Whitney, who pointed out the pitfalls in the job and how to avoid them. Tiernan, now 47, was 22 when he entered the county's service. He is married and has three children, two boys and a girl. He says it is hard for him to realize that he has put in 25 years at his job. He is beginning to get a few gray hairs, not noticeable except on close examination. Only 18 years more, Tommy, and we hope you'll enjoy your pension for many more after retirement.

Eagle Scouts from all parts of the county were technically in charge of the meeting, this being the day set aside each year for their training in citizenship. Each supervisor had an Eagle Scout sitting at his side, watching the wheels of government turn. There were 37 Scouts in attendance at various and sundry city and county offices, and at least ten in the supervisors' section. An Eagle Scout, as you probably know, is the highest rating a Scout can receive, but the rank has to be earned.

Lemon Grove was represented by Henry Hall of Troop 108, Monterey Heights, wearing 27 merit badges. Hall attends Helix High School, lives at 7961 Nichols St., and sat by Jack Perrigo, county auditor, during the session.

Lewis Maddox, field executive of Boy Scout Council, was in charge of the group. He said the boys would have lunch at the county hospital and would go on a tour of the bay in the afternoon.

for relief from dust created by trucks hauling gravel from a gravel pit a short distance above his home. It seems the state was granted a permit to take gravel from the land, for use on the new freeway. The gravel is placed on the roadbed as a blanket for the cement to be put on, and the three-year permit for operation of the gravel pit has a couple of years to run. Road Commissioner Joe Mack was asked to write the board before the next meeting, about the matter.

According to Fenneken, the trouble comes from the roadway being too narrow to allow trucks to pass without one truck having to go off the blacktop and ride the shoulder, which breaks up quickly. Some gravel is spilled and this makes dust. The prevailing wind is from the west, and the dust raised is injurious to avocado and other trees. Some 50 residents of the "dusty" area were present at one board meeting to protest the annoyance, but since the state has taken over the pit, operating it through a firm (Caldwell and Johnson), Fenneken seems to be the only protestant to keep up the battle. He claims that if the shoulders were paved the annoyance would be stopped. We will see what Joe Mack has to say next week.

Property to Be Auctioned
 The county tax collector transmitted one application to purchase at public auction approximately 33 parcels of tax-deeded unimproved property located in the La Mesa-Spring Valley School District at a total unit bid of \$820. (The tax collector advises that the property has been cleared for county mortgages, and reports that it is economically advisable that the property be sold as a unit.)

Protests Assessment for Sewers
 Letter from Mr. and Mrs. Robert Sikes objecting to assessment for 1911 Act Area 26, sewers in Lemon Grove. (Time for receiving protests has expired; letter may be referred to public works for reply.)

 Letter from Borrego Valley Mosquito Abatement District requesting that any legal steps necessary to levy a tax of 15c per \$100 to be used in the abatement of mosquitos and gnats be taken; and that the district be advised of the procedure necessary to borrow money for this purpose from the County of San Diego—D. Toastmasters Receive Their Charter and Designation No. 2012

Lemon Grove Toastmasters Club became an entity last week when officials of Toastmasters District Five presented the local group with their charter at a colorful dinner-dance ceremony at Lawton's in La Mesa.

Left to right are Harry Howard, president of the National City club; Dick Spry, area governor; Aaron Reese, district five governor; George Ficas, treasurer; Charles Serr, president; Robert Richardson, secretary; Charles Bruening, veep; Al DeClerico, sergeant at arms, and Garnet Panky, administrative veep.

Also taking part in the program were speakers Bill Henderson, Grant Hadley and Orvin Berg. Evaluator was Robert Snow. Topmaster was Eddy Brady and toastmaster was George Hamilton. Ira Skinner led the pledge and Jack Arbuckle gave the invocation.

Meetings are held every Tuesday evening at Helix High Auditorium.

Sen. Richards Visits Local Demo Club

State Senator Richard Richards of Los Angeles, Democratic candidate for the United States Senate, addressed the Lemon Grove Democratic Club last Friday evening at the home of Mrs. H. J. Warner. Senator Richards discussed the unsatisfactory voting record of the Republican incumbent who voted against the housewives on the natural gas bill, against President Eisenhower on the McCarthy issue, and against the people of California on three water bills.

Senator Richards is 39 years old and was elected to the State Legislature in 1954, unseating a Republican who had been in office for 12 years. He recently received the overwhelming endorsement of the 2,000 delegates to the convention of the California Democratic Council.

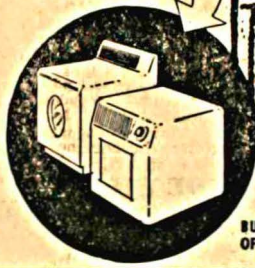

At its meeting, the Lemon Grove Democratic Club voted unanimously to support Senator Richards in his bid for the U. S. Senate. The club also voted to affiliate with the 28th Congressional District Democratic Council. Sumner Alpert, club chairman, named Mrs. Mary Landesco and Mr. and Mrs. M. L. Pryor as delegates to that council.

The next meeting will be held on March 2 at the home of Mr. and Mrs. Ted Nachison. Interested Democrats are invited to call JU 2-8636 for more information.

SPRING VALLEY WOMAN VIES FOR MRS. AMERICA

Spring Valley's entry in the Mrs. America contest is Mrs. Janice Borden of 9221 Carthay Circle.

How can a married woman with three children and a host of activities, find time to enter a contest? If you want to know the answer, just ask Mrs. Janice (Arthur) Borden Jr., of 9221 Carthay Circle, Spring Valley. She may give you the answer.

Anyhow, Mrs. Borden, who has three children, ages 5, 3 and 1, has entered the Mrs. America for 1956 contest, sponsored by the American Gas Association of New York.

The contest, which closes March 15, is open to any American woman over 21 years of age except employees of the American Gas Association and members of the families sponsoring the contest.

The winner will be chosen for her homemaking ability, personality, character and attractiveness. The first stage of the contest will be local, then statewide, then the finalists of the different states will go to Dayton, Florida in May to compete for Mrs. America.

All contestants, upon request, must make public appearances, to demonstrate their homemaking abilities.

Mrs. Borden is one of the busiest women in the Spring Valley area. She is trying to finish her education in order to obtain her high school diploma. She is attending classes at Grossmont

Republican Women To Hear Adm. Decker

The Homelands Republican Women's Club, Federated, will hold their monthly meeting in the Kindergarten Room of the Casa de Oro School next Monday, February 20 at 8 p.m.

Admiral Benton Decker, who is chairman of the Foreign Policy Plan for the State of California, will be the guest speaker.

This promises to be a most interesting meeting and everyone who possibly can is urged to attend.

Grove Area Oldtimer Passes at 80

Damascio Gracia, 80, retired, of 7646 Lemon Avenue, who had lived in this general area all of his life, died last week at his home.

He is survived by his wife, Minnie, and nine children. Services were conducted by Conrad Mortuary at Christ the King Church, followed by interment.

ST. PHILLIPS WOMEN TO HAVE PART IN WORLD DAY OF PRAYER

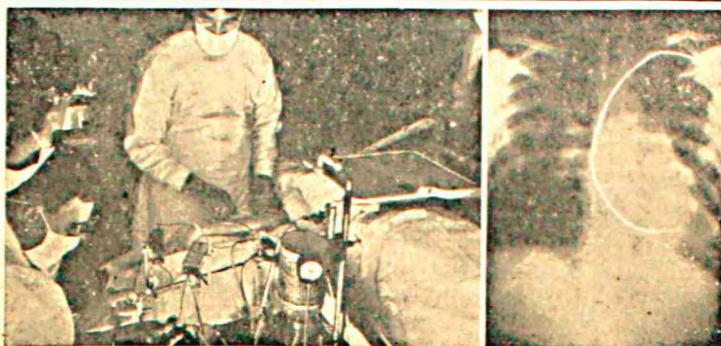

The Woman's Auxiliary of St. Philip's will meet next Thursday to hear reports from the delegates to the Diocesan Convention in Los Angeles.

Wednesday was the first day of Lent. Evening services are being held at St. Philip's every Wednesday during Lent at 7:30 with guest speakers most of the time.

George Durrell and his committee have done a good job cleaning up the outside of the church. The newly planted trees and shrubs have been weeded, and the place put in perfect order.

It is expected that a large group of women from St. Philip's will attend the World Day of Prayer services on Friday at 7:30 in Church of the Nazarene in Spring Valley.

An Advance Made Possible by Research

BLOOD PRESSURES are recorded, and blood samples are taken, by means of a slender tube painlessly introduced into the heart through a patient's arm vein. This is catheterization, performed by trained physician (left); at right, X-ray film shows course of catheter. Your contribution to the 1956 Heart Fund speeds research looking toward the ultimate conquest of the heart diseases.

The "cardiac catheterization" process shown here, is now performed weekly in the Heart Center at Sharp Memorial Hospital. One year ago, San Diego County did not have the facilities for performing this wonderful advance in heart diagnosis—another example of how Heart Fund dollars stay here in San Diego, to fight heart diseases on a local level.

Communist's Radio Provides Propaganda Program With Southern Drawl, Says Writer

By HENRI L. LELEU

COPENHAGEN — As radio waves travel, Denmark is not too far away from Moscow, but no matter where I might be on the continent, I would still be able to listen to Radio Moscow, since their stations are the most powerful of any in Europe.

I haven't been able to decide just who the communists think they are kidding, but surely it could be no one but themselves.

Communist stations broadcast frequent programs in English which they beam to Europe and North America. It is to these that I find myself frequently listening, since they never fail to provide me with as many laughs as I might get from a Bob Hope or a Jerry Lewis show.

In the first place, all radio stations behind the curtain identify themselves in perfect American accent as "The Station of Freedom, Peace and Friendship." This identifying phrase never fails to give me a good chuckle.

Last week, by chance I caught the beginning of a program from behind the curtain and I was amused at the pure American southern dialect of the announcer. I had not heard this fellow before. The program was introduced as usual as coming from the station of "Freedom, Peace and Friendship" and the announcer added, "... This program is being beamed to Dixie-land, U. S. A., where millions of colored Americans are still suffering degrading, slave-like conditions, unheard of even before the civil war of emancipation."

Americans Featured

The musical portion of this program consisted of recordings of Negro Spirituals by Paul Robeson and a couple by Mahalia Jackson. I know Mahalia must be terribly angry that the communists have gotten their hands on her fine popular records. Mahalia's Christian integrity and her financial success, could never permit any intelligent person to identify her as a fellow-traveler.

After this 30 minute program was concluded the southern talking announcer signed off the program by saying "Good bye, you all" and being from the deep

south myself, this signature nearly had me in hysterics knowing as I did, that this program had emanated from behind the iron curtain where one would never expect to hear such a colloquial American expression.

Countering these broadcasts are the numerous programs from the Voice of America stations, which are all powerful and which blanket most of the world. However, I have not yet been able to hear clearly, even one of their programs, since all of them are constantly being jammed by a horrendous buzzing roar, which makes them unintelligible.

Fortunately, I do not have to depend on radio stations behind the iron curtain for news of the world. Throughout all of Europe such newsworthy publications as Time and the New York Herald-Tribune, are available everywhere, and they are at the kiosks (news stands) on the same day they are in America, at no advance in price, either.

It is always great fun to read the news in one of these reliable media, and then tune in to Moscow, Warsaw or Prague and hear the distortions and pure fabrications which are broadcast as "the news of the day." No phase of the American scene is overlooked by the communist news writers. While Mr. Dulles, the "Wall-Streeters" and "American Big-Business" comes in for the maximum amount of scorn and criticism, our popular American heroes also get their share.

(To be continued)

Complaints Follow Publication of Brumbaugh's Birth

Last week when the Review dutifully reported the birth of the third girl to the Si Brumbaughs, he being one of Lemon Grove's top physicians, we told how Dr. Brumbaugh was busy delivering a child to a patient in Monterey Heights when he was advised as to the state of affairs of his own family.

We told how he came home, packed a nightgown for his wife who had not gotten around to it during the nine months previously, and then took his wife to Grossmont, even as you and I. Several inquiries came to the office following the publication of the story wanting to know whether he had left the Monterey Heights lady in her misery for the purpose of valise-packing.

The answer is "no." Dr. Brumbaugh delivered the child of the mother who lives in Monterey Heights at 7:45 on the 28th of January. He sauntered home, did the packing, leisurely drove his wife to Grossmont where Mary Lou produced the third girl of the Brumbaugh clan at 8:50, an hour and five minutes after she had called her husband.

Irony is, says Dr. Si, that he delivered a boy in Monterey Heights. The mother had three other children, all girls.

Dr. Brumbaugh's wife, he complains, has had three girls, no boys.

Reports on Court Teresa Polluck

A very enjoyable evening, beginning with a potluck dinner, was had by more than a hundred members of Catholic Daughters of America, Court Teresa of Avila, No. 1580, and their husbands, on Saturday evening, February 11 at 6:30 p.m. at St. John of the Cross Auditorium.

Guests included Rt. Rev. Msgr. John W. McDonagh, pastor, Rev. Charles Young, Rev. John Slatery, and Mrs. Howard Jones of Chula Vista, district deputy, and her husband.

After the bountiful dinner, cards and dancing provided the entertainment for the evening. The tables were beautifully decorated in the Valentine theme.

Mrs. A. H. Osterber and her committee: Mr. and Mrs. B. G. Baker, Mr. and Mrs. T. J. Stadther, Mrs. John Heim, and Mr. and Mrs. V. M. Hall, were responsible for the arrangements.

SECONDARY COUNCIL TO HAVE ELECTION IN MARCH

The Foothills Secondary Council CCPT held their council meeting last week at the home of Mrs. Rue L. Shiers, council president.

Mrs. Henry G. Hermes, Ninth District historian, gave instructions to the unit presidents on compiling the annual reports which are due March 1. Those representing the eight units in council were Mmes. E. F. Brady, L. F. Cook, Robt. Brown, R. M. Halgren, Harold Mayer, Owen Phelps, Geo. Scott and John L. Thompson.

The next regular council meeting will be held at the Education Center, La Mesa, March 1 at 9:30 a.m., at which time the officers for the following year will be elected.

Local Woman's Father Dies While She is Enroute to Bedside

Mrs. C. C. McGee of 7967 Golden Ave., returned this week by plane from Dickinson, North Dakota, where she attended the funeral of her father, J. L. Heraul.

She was called to his bedside because of illness but he died while she was on the way.

Her husband operates a real estate firm on Main Street in Lemon Grove.

TIME FOR REGISTRATION SHORT

Reports indicate one half million people failed to vote in 1952 and 1954. They must be registered by April 15, 1956, or lose their right to help elect a president in the primaries June 5.

Are you one of the half million? That number doesn't include the new residents who must have been in the State one year, the county 90 days and the precinct 54 days.

STATE NEEDS MORE BRAND INSPECTORS

Cattle rustling may not be what it was in the old days, but the State Department of Agriculture has openings for brand inspectors to help in enforcing the state's hide and brand law.

An examination for brand inspector will be held March 31 to select men for these jobs, the state personnel board announced today. Applications for the test may be filed now.

Starting salary for brand inspector has recently been increased to \$341 per month. Top pay for the job is \$393 per month.

Application forms and information may be obtained from the state department of employment on Columbia Street.

Chuck Morris New President of Racing Association

Charles (Chuck) Morris of San Diego was elected president of the San Diego Racing Association at the February 6 meeting at the Conference Building, Balboa Park.

Other officers elected were Art Enz, Spring Valley, vice president; Mrs. Van Coons, Linda Vista, secretary-treasurer. The board of directors consists of John Constantino, San Diego; Harry Bates, El Cajon; Chuck Duffy, Spring Valley; and Howard Quillian, San Diego.

The safety committee is Mike Emery and Shorty Bannister, both San Diego. The technical committee: Tom Belcher, San Diego; John Constantino, San Diego; Jim Holes, Julian; and Dick Stead, Spring Valley.

In a small town people will sympathize with you in trouble—and if you haven't any trouble they'll hunt some up for you.

Sorority Holds Valentine Party

The traditional Valentine party of Gamma Chapter of Epsilon Sigma Alpha Sorority was held Tuesday evening, February 14 at 3528 28th Street, San Diego, the home of Miss Mary Vivian Conway, honorary educational director of the chapter.

Attending were approximately 25 members and their pledges for the evening of gift exchanging in the Valentine motif, entertainment and refreshments.

Hostesses for the event were the Gamma president, Mrs. Charles Foster of El Cajon, Mrs. Richard Grabowsky, vice president, of Spring Valley, and Mrs. James McDonald, social chairman, of San Diego.

Refreshments were in the Valentine theme as were the table decorations. Secret sister Valentines were exchanged among members.

Mrs. Richard Grabowsky entertained with piano playing of semi-classical background music.

'MIND' CHRISTIAN SCIENCE SUNDAY THEME

God as the all-knowing Mind is the central theme of the Lesson-Sermon in all Christian Science churches Sunday. The Golden Text from Proverbs (2:6) declares, "The Lord giveth wisdom: out of his mouth, cometh knowledge and understanding."

Jesus' struggles in the early part of his ministry strengthened him and made him confident of God's loving care. In his wilderness experience, when the devil tried to tempt him, twice he reasoned with the tempter, but the third time he saw that it must be cast out, and said, "Get thee hence, Satan: for it is written, Thou shalt worship the Lord thy God, and him only shalt thou serve." The Bible account continues, "Then the devil leaveth him, and behold, angels came and ministered unto him." (Matt. 4:10, 11.)

GRACE KELLY HAS A BABY BOY

They finally got a boy at the Kellys!

James and Grace Kelly (she is not to be confused with the soon-to-be-royalty of movie fame) 1766 Colfax, chalked up youngster number three last Sunday when James Floyd Kelly was born at Navy Hospital.

The father, a sailor, is currently in Hawaii. The couple has two other children: Sharyle 3½, and Ruth Ann, 2. Jimmy weighed 8 pounds, 5 ounces at birth and almost beat his mother to the hospital.

RESOLUTION NO. 6177
A RESOLUTION ESTABLISHING TIME OF HEARING OF PETITION AND GIVING NOTICE OF THE PROPOSED ANNEXATION OF AN UNINHABITED AREA KNOWN AS LOTS 164, 150, 191, LA MESA COLONY TO THE CITY OF LA MESA, A MUNICIPAL CORPORATION

WHEREAS, there has been filed with the City Council of the City of La Mesa, a Municipal Corporation, a written petition signed by the owners of more than one-fourth of the land by area, representing in excess of one-fourth the assessed valuation according to the last equalized rolls in the Assessor's office of San Diego County, of the contiguous uninhabited territory hereinafter more particularly described, requesting that such territory be annexed to the City of La Mesa;

NOW THEREFORE, pursuant to the Annexation of Uninhabited Territory Act of 1939 of the State of California, Title 4, Division 2, Part 2, Chapter 1, Article 5 of the Government Code of the State of California (Sections 35300 through 35325), the City Council of the City of La Mesa, California, hereby resolves as follows:

1. That the contiguous uninhabited area, the subject of such proposed annexation proceedings, shall be designated as Lots 164, 150, 191, La Mesa Colony Annexation.

2. That the boundaries of the territory subject to such annexation proceedings and the true legal description thereof are as follows:

All that portion of the unincorporated area in the County of San Diego, State of California, more particularly described as follows:

Commencing at the Southwest corner of Lot 164, according to Map No. 876 of the amended Map of La Mesa Colony, on file in the office of the County Recorder of San Diego County and as shown on Record of Survey No. 2233, on file in the office of said County Recorder; thence North 48°19' East 105.62 feet to the TRUE POINT OF BEGINNING.

1. Thence North 13°01'20" West to the south line of Road Survey No. 473, on file in the County Surveyor's office;

2. Thence North 46°38' East according to said Road Survey No. 473 to an intersection with a line that is parallel with and 200 feet easterly, measured at right angles to the west line of said Lot 164 of said Map No. 876, as shown on said Record of Survey No. 2233;

3. Thence northerly along said parallel line to the northerly line of said Road Survey No. 473, said northerly line of Road Survey No. 473 being also the boundary of the City of La Mesa;

4. Thence northeasterly along said boundary and northerly line of said Road Survey No. 473 to an intersection with the easterly line of Lot 191 of said Map No. 876;

5. Thence southerly along said easterly boundary line of Lot 191 of said Map No. 876 and its southerly prolongation to an intersection with the northerly line of the San Diego and Arizona Eastern Railroad right-of-way, formerly known as the San Diego, Cuyamaca and Eastern Railroad;

6. Thence southwesterly along said northerly line of said San Diego and Arizona Eastern Railroad right-of-way to an intersection with the most easterly line of said Record of Survey No. 2233, said line bearing South 13°01'20" East;

7. Thence North 13°01'20" East along said southerly prolongation to the TRUE POINT OF BEGINNING.

3. That notice be, and it is hereby given of the proposed annexation of said territory to the City of La Mesa a Municipal Corporation.

4. Notice is hereby given that on the 27th day of March, 1956, at the hour of seven o'clock P.M., of said day, at the Council Chambers at the City Hall of the City of La Mesa at Number 4755 Spring Street in said City, a hearing will be held at which time and place the City Council will hear protests made by any person owning real property within said territory;

5. The City Clerk of La Mesa is hereby ordered and directed: (a) To cause a copy of this Resolution to be published at least twice, but not oftener than once a week, in the La Mesa Scout, a newspaper of general circulation, published in the City of La Mesa, and also in the Lemon Grove Review, a newspaper of general circulation published outside the City of La Mesa, but in the County of San Diego (said publications to be completed at least 20 days prior to the above hearing date);

(b) To cause written notice of the above proposed annexation to be mailed to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll available on this date, at the address shown on said assessment roll or as known to said City Clerk and to any person who has filed his name and address and the designation of the land in which he has any interest,

either legal or equitable with said City Clerk.

(c) To cause written notice of the above proposed annexation to be mailed to the Board of Supervisors of San Diego County.

(d) To cause the notices referred to in paragraphs (b) and (c) above to be given not less than 20 days before the above hearing date.

PASSED AND ADOPTED at a regular meeting of the City Council of the City of La Mesa, California, held on the 7th day of February, 1956, by the following vote, to-wit:

8. Thence southeasterly along said northwesterly prolongation and along said northeasterly line of said Lot 27 to the POINT OF BEGINNING.

3. That notice be, and it is hereby given of the proposed annexation of said territory to the City of La Mesa a Municipal Corporation.

4. Notice is hereby given that on the 27th day of March, 1956, at the hour of seven o'clock P.M., of said day, at the Council Chambers at the City Hall of the City of La Mesa at Number 4755 Spring Street in said City, a hearing will be held at which time and place the City Council will hear protests made by any person owning real property within said territory;

5. The City Clerk of La Mesa is hereby ordered and directed: (a) To cause a copy of this Resolution to be published at least twice, but not oftener than once a week, in the La Mesa Scout, a newspaper of general circulation, published in the City of La Mesa, and also in the Lemon Grove Review, a newspaper of general circulation published outside the City of La Mesa, but in the County of San Diego (said publications to be completed at least 20 days prior to the above hearing date);

(b) To cause written notice of the above proposed annexation to be mailed to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll available on this date, at the address shown on said assessment roll or as known to said City Clerk and to any person who has filed his name and address and the designation of the land in which he has any interest,

either legal or equitable with said City Clerk.

(c) To cause written notice of the above proposed annexation to be mailed to the Board of Supervisors of San Diego County.

(d) To cause the notices referred to in paragraphs (b) and (c) above to be given not less than 20 days before the above hearing date.

OLD STORK STILL WORKIN'

The stork is still bringing bundles from Heaven to Grossmont Hospital and leaving them with Lemon Grove and Spring Valley customers.

On January 17 the old bird brought a boy weighing 8 pounds 3 ounces to Mr. and Mrs. Granville Stacy Gaines, 2606 Nida Place, Lemon Grove.
January 19 Mr. and Mrs. Edward J. Ticer welcomed a boy, 8 pounds net. He will live with them at 3510 Buena Vista, Lemon Grove.

Mr. and Mrs. Leonard W. Caferrata, 2100 Sweetwater Avenue, Spring Valley, were brought another boy, weighing 6 pounds, 4½ ounces, on January 23. Their other son is 13, and anticipates much pleasure helping to bring up his little brother. Mr. Caferrata says that they live on the Lemon Grove side of the street, though their P. O. address is

Spring Valley. They have lived here 19 years.—D. H.

Newsprint Control Opposed By California Publisher

Any governmental action to control the relationship between newsprint manufacturers and newsprint consumers is opposed by the California Newspaper Publishers Association.

The association is on record today against any attempts by the government to control prices. Official action was taken at the 66th Annual Convention of CNPA recently in Coronado.

In a resolution unanimously approved at the convention, the publishers declared "the newspapers of California have traditionally maintained that the price of newsprint and the distribution thereof are matters between the buyer and seller in the maintenance of the free press."

The resolution asks that California members of Congress vigorously oppose any attempts to interfere with the historic relationship between publishers and newsprint manufacturers of the United States and Canada.

New Manufactory Coming to Lemon Grove

Mod-Mar, a firm making and installing hardwood floors, has leased for ten years the east 45 feet of the property next to Prevost Bros. packing house, 7920 Imperial Ave., and has paid the first and last years' rental. A building to cost \$7,000 will be erected and machinery installed to process hardwood flooring.

Prevost's property has a side track that will accommodate one freight car, and the Mod-Mar Co. has arranged to have track laid to take care of another car.

Their lumber is shipped by railroad, and will come to Lemon Grove over the S. D. and Arizona tracks. The firm will employ 20 men, a welcome addition to Lemon Grove's economy. Emmett Marshall is one of the principals of the firm—D. H.

Junior High PTA To Make Lifetime Award Tonight

The birthday party to be held in connection with the Founders Day meeting of the Lemon Grove Junior High tonight (Thursday) at 7:30 p.m. in the cafeteria, commemorates the 50th anniversary of the organization of the National Congress of Parents and Teachers.

Included in the celebration will be an inspirational talk in regard to the occasion by Mrs. Charles Correll. She has chosen as her subject "Our Founders."

The highlight of the program will be the presentation by Mrs. Robert Beckham, Founders Day chairman, of a film on "Williamsburg."

Mrs. R. E. Davy as committee chairman will make the presentation of the Honorary Life Membership award to some worthy person who has given willingly of his time and effort for the welfare of children.

The past presidents will be introduced and honored. Music for the evening will be furnished by the Boys' Glee Club of the music department of the school. Mrs. Susan Tougaw is director.

Refreshments will be served at the social hour by room mothers and parents of Mrs. Nancy Seiler's 8-7, Mr. Butlers' 8-1, Harold Brogans' 8-4 and Robert Offord's 8-6 classes.

Mrs. H. K. Thurlund Is Awarded Top PTA Honor

This week's news on Vista La Mesa way, considered the best in seven years of progressive effort, was the Founders Day celebration, held Thursday evening, February 9 at 7:45 in the school cafeteria.

Mrs. R. C. Alexander, president, gave the initial members to a short business meeting at which the nominating committee was elected, to select the candidates. Those elected were Mrs. Ivan Arms, Robert Brown, Ray Bullock and Harley Thurlund. Clarence Allen, principal, was the fifth member elected to the committee.

Colors were presented by the patrol boys of the school, supervised by Robert Masters, fifth grade teacher.

"The Look into the Classroom" was presented by Mable Holmsted and Mrs. Olson.

Vista La Mesa program committee did a takeoff on the skit "What's My Secret," moderated by Clarence Allen, principal.

Distinguished panel members, who wore Mousketeer hats, were Mrs. S. K. Solleder, program chairman for Ninth District CCPT, Mrs. Genevieve Oliphant, speech correctionist, Bob White and Bob Bresnahan. Contestants with their secrets to puzzle the panel were the past presidents of the unit: Mrs. M. Robert Brown, Wm. Leroy Birch and Harley Thurlund.

Mrs. Lloyd Nelson explained the purpose and uses of the silver offering. Mrs. Ralph Brehl gave a unique presentation of the Honorary Life Membership award. Mrs. H. K. Thurlund was presented the award for her effort in supporting the purposes of the PTA—the welfare of children.

Mrs. John Dail is Awarded Life Membership Pin

The Golden Avenue PTA selected Mrs. John Dail as its Honorary Life Membership recipient at the annual Founders' Day observance last Thursday evening in the cafeteria.

Louise has been a resident of Lemon Grove for ten years and a member of the Parent-Teacher Association for nine years, ever since her daughter Zena started kindergarten in the Lemon Grove School. Since then Louise has held office in the original Lemon Grove School PTA as treasurer, in the Golden Avenue PTA as treasurer, Parent Education chairman, and Magazine and Emblem chairman, in the Lemon Grove Intermediate PTA as president, and is now treasurer of the Foot-hills Secondary Council of PTA.

She has also served on the Citizens Advisory Board, belongs to the La Mesa Branch of the Association of University Women, the auxiliary to the Lemon Grove Fire Department, and is an Eastern Star and a Kiwanian.

With husband John, an insurance broker, and three daughters, Louise lives at 3240 Olive.

Damage Slight Here In Last Week's Earthquake

No damage in appreciable amounts was reported in the area following last week's earthquake, a cursory survey showed.

Beds rolled, some chinaware broke when tipped over and a couple of local business firms reported broken bottle ware as a result of the temblor.

At this newspaper, everyone came to work on time or early, presumably being disturbed an hour or two before their normal time of arising.

Exams for Merchant Marine Academy Open Soon

Congressman James B. Utt (R-28th Dist.) announces that annual competitive examinations for appointment to the United States Merchant Marine Academy, Kings Point, Long Island, New York, will be held in civil service centers throughout the United States and its possessions, Monday, March 12, 1956.

The United States Merchant Marine Academy offers a four-year course at college level. Qualified graduates receive licenses as United States Merchant Marine officers, commissions as ensigns in the United States Naval Reserve, and Bachelor of Science degrees. Kings Point cadet midshipmen spend their sophomore year aboard ocean-going vessels of the United States Merchant Marine.

Basic requirements for participation in the competitive examinations to be held March 12 are graduation from high school in June, 1956, or earlier and sound physical condition. Physical examinations are conducted by the United States Navy Office of Naval Officer Procurement in principal cities throughout the United States and standards are similar to those for appointment to the United States Army, Navy, and Air Force academies. Successful candidates, selected as a result of the competitive examinations and qualifying physically, will report to the academy during August, 1956.

For further information and for application blanks, candidates are urged to write immediately to Congressman Utt, House of Representatives, Washington, D. C.

Speed in Sewing Important

"Easter comes early this year, on April 1, and so San Diego county women are starting now to plan and make their Easter dresses," says Delphine D. Wilson, home advisor, University of California.

Mrs. Wilson has held one class for volunteer leaders who learn sewing methods and in turn teach neighbors. This class was a preliminary planning meeting where new spring fabrics, patterns, and plans for meetings were considered. Volunteer leaders were enrolled in the Spring Valley and Highway 94 area. They are Mrs. Helen Van Norman, Spring Valley; Mrs. Pat Lucas, Spring Valley; Mrs. Helen Jacoste, Dulzura; Mrs. Zella Wieg, Dulzura; Mrs. Kenneth Hostetter, Jamul; Mrs. Mina Hostetter, Jamul; Mrs. George Nolte, Spring Valley.

"The methods of sewing we use," says Mrs. Wilson, "are time saving and accurate. We check new patterns by dresses which we know fit. The leaders are

Local Man Will Build Recording Studio

Renan Prevost, well known to fruit growers in this section, he having packed fruit here for many years and shipped oranges and lemons and avocados in season, especially oranges at Christmas time, is going out of the packing business shortly and will build a recording studio and make records.

Prevost says there are 660,000 juke boxes in the U. S. and the market offers many advantages.

Prevost is a composer of music and songs, and has a contract with Capital Recording, which has put out two songs written by Prevost, on which he gets a royalty.

In collaboration with Jerome Gerard (Jerry Dougherty), Prevost has written two operettas, "Serafina" and "Stars in the West." Both are historical operettas. "In Old San Diego 1825" and portray Old San Diego in the time of the Padres and Spanish Dons.

"Stars of the West" has its setting in Spring Valley, and has tuneful melodies. "Serafina" was produced in Balboa Park in October, 1953, and will be presented again in late 1956.

"Tommy" Thomas, editor of Spring Valley Bulletin, is another local composer, who is associated with Prevost and Dougherty in the production of tuneful operettas. His "musical" name is H. Adair Thomas when he writes music.

Gerard Dougherty has a fine voice, and takes a leading part in the presentation of these operettas. We hope the boys get a break and can put their compositions on the boards—D. H.

VALENTINE DAY IS WEDDING ANNIVERSARY

Mr. and Mrs. Donald Thomas, 7341 Purdue St., La Mesa, former Lemon Grove residents, celebrated their tenth wedding anniversary Valentine's Day. They have one child, a son, Lee.

They were entertained over the weekend at Knott's Berry Farm by Mr. and Mrs. Dolan Stecher. Both couples are formerly from Scranton, Penna.

taught accuracy in pattern alteration and in cutting material. After the material is cut and marked with the tracing wheel, each piece of cloth is stitched to hold its shape by what we call stay-stitching. In this way we get a perfect fit."

The new Easter dresses will be completed in three lessons, says Mrs. Wilson.

In connection with this project, the Spring Valley Home Department will hold its meeting today (Wednesday) in the Pals and Gals clubhouse, Troy Street, beginning at 1 p.m. All welcome.

Big and Small Babies

KING-SIZE BABIES—Here's a couple that would make any weighing scale groan. The man on the left tipped the scales at 388 pounds and the gal weighed in at 328 pounds. This combined weight of 716 pounds made this couple winners in the annual Fat Folks Feast at Cavour, Italy.

HURRICANE BABIES—Any fisherman would be proud to pose with a catch of striped bass such as these. Angler James Golon, 13 years of age, named the 21 and 18 pounders he recently caught, Connie and Diane after the recent hurricanes that swept through Long Island Sound.

DAVY CROCKET BABY—It still remains to be seen if this Davy Crockett will get himself a Bar. But he seems husky enough to face all critters—even people. His full name is David Cyril Crockett Jr., and he was a recent arrival at Papa Crockett's home in Newport News, Va. (Wide World Photos)

TIMBER-CUTTING BABY—This baby, a 200 hp International TD-24 diesel crawler tractor weighs in at slightly more than 20 tons. The unusual front end is a V-shape cutter 13 ft. long, 14 ft. wide, and is made from 1½" steel that acts as a saw-tooth to cut off-timber and brush at ground level. It's being used to help clear 23,000 acres of timber for a new reservoir at the Buford Dam site near Atlanta, Ga.

San Diego and Arizona Eastern Railroad Reaches 67th Year of Operation

The San Diego and Arizona Eastern Railroad, built in 1889 and then known as San Diego, Cuyamaca and Eastern, was originally 25.32 miles in length. The road was built by Governor Warren and associates, and served the territory along the line of Foster. Floods washed out the line from Lakeside to Foster in 1916, and for several years Lakeside was the terminus. In the late '30s the line was taken up between Santee and Lakeside, and in 1941, at the request of the government, which had a landing field for airplanes near Santee, the line from Santee to El Cajon was torn up, and now the rails end at El Cajon.

At one time eight trains a day, with passengers and freight, ran over the rails, but in 1928 passenger traffic service was discontinued. Up to that time the road had hard sledding, but when only freight was hauled the receipts increased, and the road is making some money, despite the increased cost of operation.

All wages for railroad workers have increased greatly. For instance, trackmen, whose wage was about \$1.10 a day 50 years ago, now get \$1.602 per hour!

We had a very pleasant chat recently with C. M. Eichenlaub, superintendent of San Diego and Arizona Eastern, which includes the line to Yuma, where it joins the Southern Pacific main line. Mr. Eichenlaub had taken considerable trouble to look up old records of the road that serves Lemon Grove. He went to work for the company in 1914, and has been with the road ever since. Lemon Grove was a small settlement when the road was built, and Mr. Eichenlaub was a frequent visitor when he was a boy.

He told us several items about railroading that were surprising. As an example, the records show that 27 cents of every dollar received was paid for taxes in 1955, and tax payments alone totaled \$766,993. "Don't forget," said Eichenlaub, "the railroad is taxed for everything it owns, cars, engines, trackage, which includes the ties, grading, bridges, every single item."

"Without the railroads, this na-

Area Students Rate In Speech Tourney

Three Helix High School students placed in the Speech Declaration Tournament held recently at the California Western University.

David Gallagher, son of Mr. and Mrs. John T. Gallagher of 3026 Helix Street, Spring Valley, took first place honors.

Richard Cunningham, son of Mr. and Mrs. C. P. Cunningham of 6921 Adams Ave., La Mesa, took second place. Dick is a senior.

Nina Jo Cornelius, daughter of Mr. and Mrs. John Cornelius, 7050 San Miguel in Lemon Grove, Nina took fourth place honors in the tournament.

Faculty instructors are Dorthe Bonsignore and Donald Tarr. The tournament was sponsored by the San Diego Speech League, an association of high school speakers.

tion would crumble. Trucks could not begin to handle the freight, and without the materials hauled by the railroads to the various factories over the nation, production would stop and so would wages.

"Freight is hauled by rail for a fraction of the cost by truck, and the trucks don't have to keep up the roads. Where there is no railroad competition, the trucking costs are much higher."

"Employees of the railroads have homes and help support the communities in which they live, contribute to various charities, as do all citizens. Truckers with long hauls sleep on their trucks, usually have two drivers to spell each other, have no permanent home, contribute little to the local economy."

Mr. Eichenlaub did say that his company used trucks to expedite service on short hauls. So if you want speed, use the trucks, with delivery at your door and in much less time than by rail. The railroads, by careful and efficient management, are more prosperous than ever before. Railroad men get the highest wages, steady employment.

The Southern Pacific is one of the very few railroads that have never had a receiver. All bills have been paid on the dot. Financing was pretty tough at times, but never a default in interest.—D. H.

TV WORKSHOP TO PROVIDE POOL OF ACTORS

Area residents are going to have the opportunity of appearing in live dramatic television shows with the formation of a radio and television workshop in this city. "The object," according to KFMB-TV director Tom Cole, "is to provide us with a pool of professional trained actors and actresses to draw on."

The workshop will give people "on camera" training, and casting will take place of scripts which will actually be used in live productions. The scripts are the work of top writers in the United States, and are being provided from Hollywood.

Those people who take part in the television workshop, and who show outstanding acting ability, may have the opportunity of a screen test later with one of the major Hollywood film studios. Those interested in learning more about this workshop are asked to phone Mrs. Tudor at COngress 2-1867.

FOUNDERS' DAY PROGRAM AT SAN MIGUEL HONORS MOTHERS

The Founders' Day program at San Miguel School Thursday evening proved to be a most interesting one. Mrs. Marguerite Hensley was in charge of the program. Mrs. Libby Bunch was the narrator on "Teamwork Built Our Past and Builds Our Future." She told of the beginning of the PTA in the Lemon Grove Schools, and introduced the following past presidents: Mrs. Walter Denlinger, Mrs. Frank Doerr, Mrs. Walter Huber, Mrs. Byron Netzeley, and San Miguel past presidents Mrs. Ann Espe and Mrs. Ruth Magnusson. Many helpful things were started by the early PTA workers, among which was the "Mothersingers." One of the original Mothersingers present was Mrs. F. O. Barber. Mrs. Eleanor Engeslad sang a number, "Jesamine," written by Mrs. I. H. Cass, of Lemon Grove.

The beautiful birthday cake was baked by Mrs. F. W. Thompson. Corsages were presented to the oldest mother present, Mrs. Chas. West; to the youngest mother present, Mrs. Blake Griebner; and the mother with the most children in San Miguel School, Mrs. Paul Gritz.

TWO DINNER MEETINGS PLANNED BY BAPTISTS

Men of the First Baptist Church, Lemon Grove, will be enjoying two banquets next week Tuesday evening at 7 o'clock they will meet for their regular monthly Men's Fellowship supper, and on Friday evening the men of the entire San Diego Southern Baptist Association Brotherhood organization will turn their faces toward Lakeside Baptist Church where some 250 men will engage in a Brotherhood Clinic. Several of the Lemon Grove men plan to attend. The guest church will serve a ham dinner. Several state workers from Fresno will lead in this clinic, and Reverend David Mashburn, an associate in the Brotherhood Work of the south, from Memphis, Tennessee, will be the guest speaker for the evening. At each of these meetings the men will be studying ways and methods of undergirding the church program.

CALIF. P.U.C. ASKS INTERSTATE COMMERCE TO REJECT R. R. FREIGHT RATE HIKE

LOS ANGELES (Spcl.)—The seven per cent nationwide increase in interstate railroad freight rates for which the railroads have applied to the Interstate Commerce Commission "appears clearly to be excessive as to amount" and "would result in unlawful discrimination and prejudice," the California Public Utilities Commission said today in a statement filed with the ICC.

It declared the railroads have failed to prove their need for increased revenues and that "The railroad forecasts of operating revenues are clearly understated to a major degree."

The vigorous protest was made in a verified statement filed in intervention on behalf of the people of the State of California and the Public Utilities Commission.

STUDENTS GET EYE-WITNESS REPORT ON LIFE IN ALASKA

Students in the sixth grade classes of George Tryforos and Richard Maas at the Lemon Grove Intermediate School enjoyed an illustrated lecture last Thursday in their classrooms. Mrs. Robert Jones, 1919 El Dorado Street, told the students about her personal experiences on Kodiak Island where she and her two daughters, Juanita and Mary Louise, lived with her husband while he was stationed there from January, 1950, until October, 1953.

Pupils and teachers agreed that Mrs. Jones' contributions made the study of Alaska and America's last frontier more interesting. Slides which were shown the boys and girls included pictures of the famous Kodiak bears, the salmon run, and Eskimo life on the island. Mrs. Jones also displayed samples of Eskimo crafts which she collected.

FOUNDERS' DAY PROGRAM PLANNED BY VOGUES

Vogue Section of Woman's Club will have Founders' Day birthday party at the clubhouse Tuesday, Feb. 21, 8 p.m.

Program will include songs by Junior Woman's Club choir. Historian Mrs. Leonard Wingo will present a brief resume of the history of the club. Special guests are Mrs. Hal Crowe and Mrs. George Loveday of the Senior club.

Vote "YES" For Water Bonds

February 21ST

This project is for the construction for the La Mesa, Lemon Grove and Spring Valley Irrigation District of a second supply line (48-inch in size) from the District's sources of water supply — east and north of Lakeside around the north and west side of El Cajon Valley to Grossmont reservoir; new supply line from Grossmont to La Mesa and to Lemon Grove; tripling the capacity of Grossmont Reservoir; constructing four million gallon storage tanks at Helix and in Lemon Grove; and installation of required pumping and chlorination facilities. These works will provide capacity to transport ENOUGH water into the District, and ENOUGH storage facilities at this end of supply line, to serve requirements of the people of the La Mesa, Lemon Grove and Spring Valley Irrigation District.

this is

YOUR LIFE-LINE!

Your Water Supply —

1. There is only ONE pipe line bringing water into the La Mesa, Lemon Grove and Spring Valley Irrigation District.
2. That pipe line will only carry 22 million gallons per day.
3. YOU — the people of the Irrigation District use up to 32 million gallons per day.
4. When use is over 22 million gallons per day, your water supply is dependent on dangerously small amount of storage at Grossmont Reservoir.

THIS ADDS UP TO:

WATER RATIONING by this summer, or at latest, next year. NO WATER — a complete failure of the water supply within hours in the event of any damage to our one water line.

Only You Can Correct This —
